TOBINA TOUYA 1

LAWS OF JIU JIU

You must never reveal your true form.

You must never murder a human being.

You must never go out during a full moon.

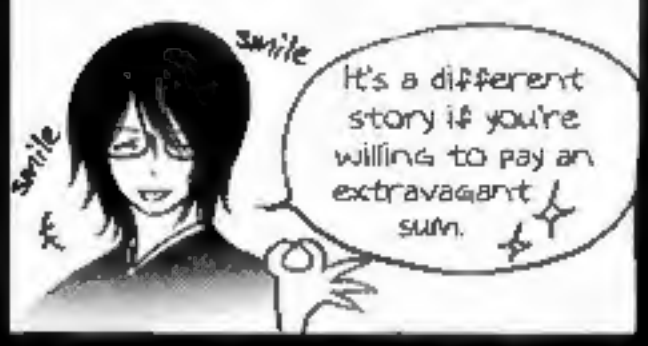
You must always obey.

If you do not comply with these rules, you must suffer the punishment.

FROM DISPATCH TO CLEAN UP

For all those belonging to the Hachiouji household, all missions will be directly transmitted to the individual through electronic mail From the land's special agency. Corpses will also be under the supervision of this agency. They will carry out the disposal.

There are other households that are entrusted with missions From civilians which the Hachiouji seldom handle.



Is there anything else left to explain.?
